

Dreams33 is a private nonprofit dedicated to helping children in the foster care system achieve their higher education goals. We believe each child deserves a chance to learn and build their own future through education.

Thank you for choosing to apply for a Dreams33 Scholarship. We are dedicated to helping foster youth achieve their personal goals in higher education. We believe each child's journey is different, for that reason we do not solely focus on grade point averages. We work closely with each student to develop a scholarship catered to their specific goals and needs. We look forward to hearing from you. **Feel free to ask questions!**
